## HOW THE PROGRAM WORKS

- 1 The referrer **identifies** a young person who could benefit from the program..
- 2 The referrer and the young person consult the **spreadsheet** (see link sent by e-mail) and check **availability** to **choose an activity**.
- 3 The referrer enters in the **table**, in the designated **red columns**, the **number of places taken** as well as his/her **name** and **job title** and/or the organization he/she works for.
- 4 The referrer consults the **Registration Procedure** column in the activity table and contacts the activity leader to register the young person. For some activities, we ask you to contact the connexion program managers by e-mail.

## IMPORTANT PRECISIONS

- When choosing an activity with the young person, make sure it's appropriate for their age, time of year, etc.
